

PLACEMENT FIT TRAINING

Placement training includes activities and programs that help students and job seekers become ready for work. These programs aim to fill the gap between what is taught in school and what employers expect in the workplace. At SCAD Polytechnic, we focus on placement skill training programs to help students secure jobs. On February 07, 2025, our staff members, conducted a placement training session for the second-year students to prepare them for placements. The program was a great success, with students learning many useful skills and gaining valuable knowledge that will help them in their future careers. for first year

TCNOM ENGINEERS - CAMPUS DRIVE

At SCAD Polytechnic College, the growth and success of our students are our top priorities. We work hard to prepare them for future challenges. On February 07, 2025, TCNOM Pvt. Ltd. takes up the works on testing and commissioning of electrical equipment, protection systems of power plants, and visited our campus to hold a placement drive for our college students. Our students were excited to attend and hopeful about being selected. Mr. Ganesh Kumar and Mr. Senthil Kumar V.D. from TCNOM, manager and operational director, conducted the interviews. Our principal, Mr. Monimaran, welcomed the chief guest and gave an address. The chief guest motivated the students with an inspiring speech, praising their hard work, which brought them to this opportunity. Finally 23 students were selected among 47 students with 2.4 LPA.

ALUMNI INTERACTION

Our college is focusing on strengthening the bond between alumni and the institution, recognising the value of nurturing a lifelong connection. By fostering a robust alumni network. Our alumni, Mr. Giftson raj, is working as Assistant engineer at Mobinius, Bangalore. He completed his diploma in mechanical engineering in May 2020 at SCAD Polytechnic College. He shared his memories of our institution, where he studied, and he shared his experience as Industrial Employee . It was a wonderful experience for our students; they were very interested in interacting with him. And they were engaged in Q&A session, seeking guidance on career paths, industry trends, and best practices.

SKILL TRAINING

The purpose of skill training is to educate and upskill individuals. It helps to bridge the knowledge gap and enhance professional development. Skill training enables learners to acquire new skills and expertise. At SCAD Polytechnic, we focus on skill training programs to help students to improve themselves. On February 07, 2025, our staff members, Mr. Ramesh Moorthy (Lect/EEE) Mr. Anbalagan (Lect/Civil) and Mr. Vinoth Selva Kumar (Lect/Mech) conducted a Domain skill for First-year students to prepare them for placements. The program was a great success, with students learning many useful skills and gaining valuable knowledge that will help them in their future careers.
