SCAD Polytechnic College Conducts Comprehensive Skill Training Program for First and Second-Year Students

SCAD Polytechnic College successfully organized a Skill Training Program on 01 December 2025 at the college campus, focusing on enhancing the technical abilities of first and second-year students across various departments. The event aimed to bridge the gap between academic learning and industry-oriented skills, providing students with hands-on exposure to essential engineering tools and technologies.

During the session, AutoCAD Approval 2D Drawing was emphasized for Civil Engineering students, equipping them with professional drafting and design techniques.

Second-year Computer Science students received focused training in Java Programming, strengthening their problem-solving and coding abilities. The Mechanical Engineering department offered practical sessions on AutoCAD 2D Drawing, CNC Machining, and ARC Welding for first-year students, enabling them to gain foundational manufacturing skills.

The event was efficiently coordinated by Mr. Velselvan (Civil), Mr. T. Murugan (Automobile), Mrs. Suja (Computer Science), and Mr. Suriya Narayanan and Mr. Shanmuganathan (Mechanical), whose dedicated efforts ensured the smooth execution of the training program.
