## FACULTY ORIENTATION PROGRAM - 2025

A one-week orientation program was organized at Sankar Polytechnic College to help new teachers improve their teaching and management skills, adapt to the culture of higher education institutions, and better understand of their professional responsibilities. Mr.Venkatesh Hod/S&H and Ms.Preetha Lect/Chemistry, faculty members from Scad Polytechnic College, participated in the program. During this week, they gaining insights into the history, rules, and facilities of the host institution. They attending sessions on teaching and learning methodologies, interacting with staff members and students, and exploring various aspects of academic and administrative responsibilities. The program proved to be highly beneficial in equipping them with a deeper understanding of their roles, as well as familiarizing them with institutional policies and procedures.

## NSS ACTIVITY - VISITING BIRD SANCTUARY

Let your spirit soar like a bird, free and boundless, as we celebrate the beauty of wings on Bird Day. It reminds us to appreciate their beauty, protect their habitats, and recognize their importance to the environment. Observed with joy and awareness, this day inspires everyone to take small steps toward preserving the avian wonders that make our world vibrant and alive. On January 6, 2025, our first-year EEE and ECE students visited a bird sanctuary in Thirupaidaimarudur. We worked with All the Children Trust and Tamilnadu Forest department to make this trip happen. A staff member from the trust showed the students a presentation about birds, teaching them about different species and how to protect them. The students learned a lot and had a great time. We thank All the Children Trust for their help in making this trip a success. As part of the program, our students joined forces with the forest department to distribute handmade nests to trees in 50 streets of the village, creating a lasting impact on the community.
