Academic Spotlight

Empowering Young Minds Through Skill-Based Learning at SCAD Polytechnic College

A Skill Training Program for School Students was successfully conducted on 23rd October 2025 at SCAD Polytechnic College. The event aimed to provide hands-on technical exposure to school students and bridge the gap between academic learning and practical application. The Guest of Honor, Dr. S. John Kennedy, Director of Activities, SCAD Group of Institutions, inaugurated the session and motivated the participants to enhance their technical knowledge through experiential learning. A total of 80 students from Periyar Government Higher Secondary School enthusiastically took part in the training.

The sessions covered key topics such as Basics of Electronics, Two-Wheeler Servicing, Welding, and MS Office Applications. The students actively engaged in the demonstrations and gained valuable insights into industrial practices. The program was coordinated by Mr. M. Arockiya Raj, Senior Lecturer, Department of EEE, who ensured the smooth execution of the event. The initiative reflected SCAD Polytechnic College's continuous commitment to nurturing technical awareness and skill development among young learners.
