SCAD Polytechnic Civil HOD Attends Orientation Workshop on Continuing Education at DOTE, Chennai

An Orientation Workshop for Continuing Education was successfully conducted on 23 January 2026 at the Directorate of Technical Education (DOTE), Chennai. The one-day programme was organized by the State Project Coordination Unit (SPCU) with the objective of strengthening continuing education initiatives across technical institutions in the state.

Mr. P. Saravanan, Head of the Civil Engineering Department, SCAD Polytechnic College, actively participated in the workshop as a Continuing Education Manager. The sessions focused on the importance of lifelong learning, planning and implementation of continuing education programmes, industry linkage, and skill development aligned with current market needs.

The workshop also highlighted strategies to enhance outreach, quality assurance, and effective management of continuing education activities.

The programme provided an excellent platform for academic leaders to share ideas and best practices. Mr. P. Saravanan's participation reflects SCAD Polytechnic College's commitment to faculty development and continuous improvement in technical education. The insights gained from the workshop will contribute significantly to strengthening continuing education programmes at the institution.

Naan Mudhalvan Programme Enhances Employability Skills of First-Year ECE Students at SCAD Polytechnic College

The Naan Mudhalvan Programme for First-Year ECE students was successfully conducted on 23 January 2026 at SCAD Polytechnic College with the objective of strengthening students' employability and career readiness. The programme focused on equipping students with essential skills required to succeed in today's competitive job market.

The session covered key aspects of Employability Skills, including communication skills, teamwork, problem-solving abilities, professional attitude, time management, and basic workplace ethics. Through interactive discussions and practical examples, students gained valuable insights into the expectations of industries and the importance of developing both technical and soft skills from the early stages of their academic journey.

The programme was well received by the students, who actively participated and showed keen interest throughout the session. Faculty members emphasized the significance of continuous self-improvement and lifelong learning. This initiative reflects SCAD Polytechnic College's commitment to holistic education and its continuous efforts to prepare students for successful careers through skill-oriented programmes under the Naan Mudhalvan scheme.

Computer Engineering Department Organizes Online Alumni Meet on Data Analyst Career Roadmap

The Department of Computer Engineering at SCAD Polytechnic College successfully organized an Online Alumni Meet on 23rd January 2026, aimed at guiding students toward emerging career opportunities in the IT sector. The programme served as an effective platform to connect current students with accomplished alumni and gain real-world industry insights.

The session featured Mr. K. V. Laxmi Raman, an alumnus and currently working as an Associate Data Analyst at Tech Mahindra, Hyderabad, as the resource person. He delivered an informative talk on the topic "Career Roadmap in Data Analyst", explaining the skills, tools, certifications, and learning pathways required to build a successful career in data analytics. He also shared his personal career journey, challenges faced, and strategies for continuous skill upgradation.

Students actively participated in the interactive session, clarifying their doubts regarding career planning and industry expectations. The event was highly beneficial and motivational, reflecting SCAD Polytechnic College's strong alumni network and its commitment to preparing students for future-ready careers.

SCAD Polytechnic Students Shine at "Sports TamilNadu – Idhu Namma Attam 2026"

The Sports TamilNadu – "Idhu Namma Attam 2026" event was enthusiastically conducted on 25 and 26 January 2026 at SCAD Polytechnic College, celebrating sportsmanship and encouraging student participation in athletics and team sports. The event witnessed vibrant participation from students who showcased their physical fitness, coordination, and competitive spirit.

Students actively competed in various events including Throw Ball, Tug of War, 100 Metres Race, and Shot Put. The competitions were conducted in a lively and disciplined manner, creating an atmosphere of excitement and teamwork across the campus.

SCAD Polytechnic College students delivered outstanding performances, securing **First Place in the 100 Metres Race and Shot Put** events. Additionally, the college teams emerged as winners in Throw Ball and Tug of War, demonstrating excellent teamwork and strength.

The achievements were widely appreciated by the management, principal, staff, and fellow students. The event not only promoted physical fitness but also instilled confidence, leadership, and unity among students. The successful conduct of the programme reflected SCAD Polytechnic College's commitment to holistic student development through sports and extracurricular activities.

Multi-Department Skill Training Programme Empowers First and Second Year Students at SCAD Polytechnic College

A Skill Training Programme for First and Second Year students was successfully conducted on 27 January 2026 at SCAD Polytechnic College, with the aim of enhancing students' practical knowledge and industry-oriented skills. The programme was designed to provide hands-on exposure across core engineering disciplines, helping students bridge the gap between theory and real-world applications.

As part of the training, the Electrical and Electronics Engineering (EEE) Department conducted sessions on Simulation Level 2 and Industrial Panel Board Wiring, enabling students to understand electrical system design, analysis, and practical wiring techniques. Simultaneously, the Mechanical Department offered intensive training on Arc & Spot Welding, AutoCAD 2D, 3D Modelling, and CNC Programming, focusing on modern manufacturing practices and design skills.

Students actively participated in the sessions and gained valuable experience through practical demonstrations and guided exercises. The programme was well appreciated by the participants and faculty members alike. This initiative highlights SCAD Polytechnic College's continued commitment to skill-based education, hands-on learning, and preparing students to meet current industry requirements with confidence.
