Eximious

(adj) Outstanding, distinguished, or excellent.

The scientist received an award for her eximious contribution to medicine.

Comprehensive Skill Training Program Conducted for First and Second Year Students at SCAD Polytechnic College

A comprehensive Skill Training Program was successfully conducted on 05 January 2026 at SCAD Polytechnic College for First Year and Second Year students, with the objective of enhancing their technical competence and industry readiness. The training program was designed to provide hands-on exposure and practical knowledge across multiple engineering disciplines.

The sessions covered a wide range of in-demand technical topics including Arc and Spot Welding, CNC Programming, AutoCAD 2D and 3D Modelling, Java Programming, Building Plan Approval Drawing, Industrial Panel Board Wiring, and Arduino Programming. Experienced faculty members and trainers guided the students through practical demonstrations, simulations, and real-time applications, enabling them to bridge the gap between theory and practice.

Students actively participated in the sessions, gaining valuable skills that are essential for modern industrial environments. The program also encouraged interdisciplinary learning, helping students understand the integration of mechanical, electrical, civil, electronics, and computer applications.

The management and faculty of SCAD Polytechnic College appreciated the enthusiastic participation of the students and reaffirmed their commitment to organizing such skill-oriented programs regularly to support career development and employability.

Placement Guidance Program Conducted for Mechanical Engineering Students at SCAD Polytechnic College

A Placement Guidance Program for the Mechanical Engineering Department was successfully organized on 05 January 2026 at SCAD Polytechnic College with the aim of preparing students for upcoming placement drives and enhancing their career readiness. The program was specially designed to motivate students and provide clear guidance on placement opportunities, industry expectations, and professional conduct.

The highlight of the event was the Guest of Honor address delivered by our Honourable Principal, Mr.J.Monimaran who gave a valuable and inspiring speech to the students. In the address, the Principal emphasized the importance of technical skills, communication abilities, discipline, and a positive attitude in securing placements. Students were also guided on how to approach interviews confidently, prepare resumes effectively, and continuously upgrade their knowledge to meet industry standards.

The session proved to be highly interactive, with students actively engaging and gaining clarity about placement procedures and career planning. The program boosted the confidence of the Mechanical Engineering students and encouraged them to focus on skill development and employability. The event concluded with a vote of thanks, marking the program as a meaningful step towards student career development.

***“Let me not pray to be sheltered
from dangers, but to be fearless
in facing them.”***

—Mr.Rabindranath Tagore
