Academics and skills are important factors in learning at SCAD Polytechnic College. For the purpose of equipping the students with employability skills, various skill development activities are conducted on the college's premises and at schools. Today (07/11/2023) is a Day-02, our college Lab assistants are conducting project expos and skill training for school students on the topics "Solar Panel" and "Arc Welding" at Government Higher Secondary School, Kalakkad. They gave a detailed explanation of their project and gave training to the school students. 145 Students participated in this skill training program.
