You can obtain first-hand industry experience with an internship. It can familiarize you with the day-to-day demands and responsibilities of a profession without needing you to make a firm commitment to that particular field. It can also assist you in determining whether a particular career matches your skill set and personality. Since our college places a high value on student careers, 28 third-year students have begun their internship training at TCDS Academy, Ambasamuthiram, as of today, November 21, 2023.
