Skill development helps students get better jobs by improving existing skills or learning new ones. This includes improving communication skills, problem-solving skills, making better decisions in their life, and also in their working place. Our SCAD polytechnic College gives much importance to every student and helps them in all aspects of learning. Our college provides skill training to students because learning them helps students get better campus placements. Mandatory skill training for II year students was started in our college. Today(04/08/2023), is the third day for this skill training. All department skill incharges conducted the training programme for students.

The Naan Mudhalvan is an initiative begun by the government of Tamil Nadu that focuses on improving students' skills. The main objective of this scheme is to identify, train, and offer career and academic guidance to talented students in educational institutions. Through this scheme, the standard of living for students will also improve. To train the students of each college, the government selected staff members from each college and training is provided for them. Today (04/08/2023), is the fifth day for this training. Our staff members Mrs. Selvi from the department of CSE, Mrs. Suja from the department of EEE attended the training. For the CSE Department, our staff got training on the topic - Industrial Metaverse at PSN Polytechnic College. For the EEE department, our staff got training on the topic - IOT and its Applications at MSPVL Polytechnic College.

EDUCATIONAL TOUR & INDUSTRIAL VISIT

The students of diploma courses are going to work in any industry or other organization after the completion of their course. As a part of their curriculum, industrial visits are included because they give students a glimpse of the actual workplace, including workstations, plants, assembly lines, machines, and systems, as well as the chance to speak with highly qualified and experienced staff. Each department of our SCAD Polytechnic College arranges industrial visits and educational tours. Today (04/08/2023), the department of ECE has arranged an industrial visit for the third year students. They visited Suzlon Energy Ltd, Aralvaimozhi.

NIGHT (SPECIAL) - SOFT SKILL TRAINING

Skill development in education supports students' holistic development in many ways. The skill courses help them achieve placements at highly reputed companies. Our SCAD Polytechnic College gives importance to both academics and skill courses. On (03/08/2023), a special skills training was conducted for the students in the evenings. The skill training was given from the basics; today the course was on the topic of “Function of Engine - Mantling and Assembling” and it was conducted by the Automobile department.

ALUMNI INTERACTION

Our SCAD Polytechnic College maintains close contact with each and every current and past student. Alumni interactions are organized frequently, the alumni share their experiences at the campus and in their current working environment. The programme's aim was to share the various job opportunities they have in the department they are studying. Today (04/08/2023), Mr. Thanga Narayanan, one of our alumni from the CSE Department, interacted with our current students about skill development and job opportunities in the IT field and in other Software industries. He is currently working in Nokia Solutions & Networks, Chennai. He shared his experience and motivated the students towards their goal. At the end of the session, there was an interactive session with the alumni answering various queries raised by the students.
