MANDATORY SKILL TRAINING FOR II YEAR - DAY 06

Skill development helps students get better jobs by improving existing skills or learning new ones. This includes improving communication skills, problem-solving skills, making better decisions in their life, and also in their working place. Our SCAD polytechnic College gives much importance to every student and helps them in all aspects of learning. Our college provides skill training to students because learning them helps students get better campus placements. Mandatory skill training for II year students was started in our college. Today(09/08/2023), is the sixth day for this skill training. All department skill incharges conducted the training programme for students.
