

MANDATORY SKILLS FOR SECOND YEAR STUDENTS

13.12.2023
DAY - 05

MANDATORY SKILL (DAY 05) - II YEAR STUDENTS

Our college required second-year students to learn a skill. This skill-building activity enthralled the students. Competence is essential nowadays, thus the trainer focused on technical abilities that students will benefit from. This programme taught students a wide range of abilities, the majority of which were technical in nature, and our students are now on their fifth day of training.
