

FACULTY DEVELOPMENT PROGRAMME

The Faculty Development Programme aims to enrich the academic and intellectual environment of the institutions. Today (09/06/2023) Faculty Development Programme was conducted at SCAD Polytechnic College from 10.30 a.m. to 12.30 p.m. All the faculties attended the programme.

Dr. S John Kennady, Director of Admissions and Activities/ SCAD Group of Institutions, was the resource person for the event. He talked about the various innovative methodologies a teacher should follow in order to make teaching effective and interesting. He suggested some methods to make the students love the subject and make it easy for them to learn it. He conducted a quiz for staff, and all actively participated in it and in other games and activities he conducted, to enrich the knowledge and memory power of staff members. Everyone enjoyed the programme, got benefits, and gave their feedback at the end of the session.

STAFF ORIENTATION PROGRAMME

At our SCAD Polytechnic College, staff orientation programmes are held at the start of each semester or academic year to familiarise the faculty with the updated syllabus and to discuss the activities that will be incorporated into the curriculum and the academic year. The meeting was held with the principal, Mr. J. Monimaran, and he spoke about the numerous activities that will be carried out throughout the academic year. The activities were displayed by each vertical head.
