DEPARTMENT INTERACTION FOR FRESHERS

27 JUNE 2023

Orientation programmes aim to introduce students to both the academic and social aspects of an institution as they transition from high school. In our SCAD Polytechnic College, we give importance to every fresher and make them familiar with the college atmosphere. It's very important for every fresher to get knowledge about their respective departments, as in the first year they study only basic subjects.

DEPARTMENT INTRACTION FOR FRESHERS

For that purpose, we organize orientation programmes for them, and in these meetings, all the department HODs and the staff members meet their own department students. Today (27/06/2023), a meeting was arranged for each department student, and the heads of the departments interacted with them. They explained the scope of each department and the academic systems.
