SKILL DEVELOPMENT PROGRAM AT SCHOOLS

Academics and skills are important factors in learning at SCAD Polytechnic College. For the purpose of equipping the students with employability skills, various skill development activities are conducted on the college's premises and at schools. Today (30/10/2023), our college Lab assistants conducted project expos and skill training for school students on the topics "Turnal wiring", "ARC welding," and "CCTV Camera" at St.Paul's Higher Secondary School, Singamparai. They gave a detailed explanation of their project and gave training to the school students. 170 Students participated in this skill training program.
