

NAAN MUDHALVAN SKILL TRAINING PROGRAM

The Naan Mudhalvan is an initiative begun by the government of Tamil Nadu that focuses on improving students' skills. The main objective of this scheme is to identify, train, and offer career and academic guidance to talented students in educational institutions. Through this scheme, the standard of living for students will also improve. Our college was selected as the center for this Naan Mudhalvan Skill Training Program. Today (11/09/2023), Naan Mudhalvan Skill Training was given for III-year ECE Department students on the topic of PCB Design.

Placement is an important factor in the successful completion of any course. It is the dream of every student to get placed in top companies or organizations. Our SCAD Polytechnic College gives much importance to academics as well as placement. Here, the staff members, along with the management, help every student achieve placement. Today (11/09/2023), our college Principal, Mr.J.Monimaran, interacted with final year students regarding placement opportunities. He advised every student to excel in academics and achieve better placements. He talked with them about the industrial visits he has gone on and explained all about industrial experiences.

MEETING - APPLIED LABS INCHARGES

The Applied labs of our college aims to train students with real time projects and it helps them to participate in competitions. In the Applied labs of our college, students' ideas are developed and staff members help them to manufacture it as a quality product. Every month, an Applied labs meeting is conducted for all the Applied labs incharges. Today (11/09/2023), a meeting was organized and the applied labs incharges discussed the Smart India Hackathon which is conducted by the government of India. They talked about the SIH and planned to conduct an internal Hackathon on 15/09/2023.
